Animal Clinic is a fast paced six doctor practice focusing on the health and wellness of all types of animals. We are looking for a 5th qualified technician candidate who can work in a team environment to achieve the best care possible for our clients and their pets. We strive to offer quality medicine, emphasis of client education, and care and support of our team members and patients. Candidates must be licensed in the state of Nebraska, and preferred 1 year of experience (but not necessary). Candidates must also be prepared to meet challenges and expectations physically and mentally daily. Full time preferred but accepting part time as well. 30-40 hours per week Monday through Friday. Rotate weekends and holidays. Responsibilities include but are not limited to:

- Monitor anesthesia/Surgical procedures/scrubbing in
- Dental cleaning and procedures
- Placing IVC and urinary catheters
- Assisting veterinarians with clinical procedures
- Performing general physical exams of patients
- Blood draw
- Animal restraint
- ICU patient care
- Drug dosing
- Lab work
- Radiology/radiographs
- Medical records
- Client educations
- Sterilization and general cleaning of kennels and clinic
- Daily tasks of feeding, weighing, taking temperatures of animals
- Other routine duties of giving medication to hospitalized patients and boarders, care for pre & post-surgical patients, evaluations of animals' condition, cleaning and wrapping wounds, vital signs and client communication.

This position is primarily small animal work, but some large animal/equine assistance is required during peak seasons such as preg checking, calving, and branding seasons. Equine knowledge and handling skills are encouraged.

Benefits

- PTO
- Retirement/401k/profit sharing
- Competitive wages based on experience
- Health insurance
